

CARE PLAN TERMS

\$49 per month · month-to-month · cancel anytime

WHAT'S INCLUDED

- **Hosting** — your website hosting is included in the plan; we keep your site online and handle everything technical about hosting.
- **Unlimited content edits** — we handle all reasonable content edits for you: text changes, swapping images, updating hours, adding photos, and similar updates. Just send the changes and we take care of them.
- **Uptime monitoring** — we watch your site around the clock and act if it ever goes down.
- **Security updates** — we keep your site's software patched and secure.
- **Email support** — we respond to support emails within 1 business day.

WHAT'S NOT INCLUDED

The Care Plan covers managing and maintaining your existing site, including hosting and ongoing content edits. It does not include redesigns, new pages, or new features — those are quoted separately as their own projects. "Reasonable content edits" means routine updates to your existing pages; large additions or new functionality fall outside the plan. If you're not sure whether a request is an "edit" or a "new project," just ask and we'll tell you upfront before any charge.

BILLING

The Care Plan bills \$49 each month through a Stripe payment link or subscription. It is month-to-month — there is no contract and no minimum commitment.

CANCELLATION

Cancel anytime by email or phone. Cancellation takes effect at the end of your current billing period, and per our Refund Policy, we refund the unused portion of the current month, prorated. After cancellation, your site stays yours — we'll help transfer hosting to you or your new provider.
