1. WHAT WE'RE BUILDING

Peak 11 Media will design and build one 5-page website for the client: Home, Services, About, Gallery, and Contact. The site will be built from the demo design the client has already seen and approved. Two (2) rounds of revisions are included. Additional revision rounds or extra pages are quoted separately.

2. TIMELINE

Peak 11 Media will aim to deliver the finished site within 14 days after the client has provided all requested content (text, photos, logo, and business details). Delays in providing content extend the timeline accordingly.

4. PAYMENT
